(*) Price that is only available to buy at the reception before you park your car.

(**) Price that is available only at the reception and purchasable even after you have parked your car.

Hotel's advice : Make use of the parking Palais Masséna (pedestrian access on the same street of the hotel) it is the closest, and easiest to access and among the cheapest by taking the prepaid formulas available in reception.

Be careful: do not confuse the Palais Masséna car park (near the hotel to the left of the Palais Masséna Museum) with the Masséna car park (under Place Masséna) which is further from the hotel ... and much more expensive !!
